

Welcome to SonarQube Dashboard

Since you are able to read this, it means that you have successfully started your SonarQube server. Well done!

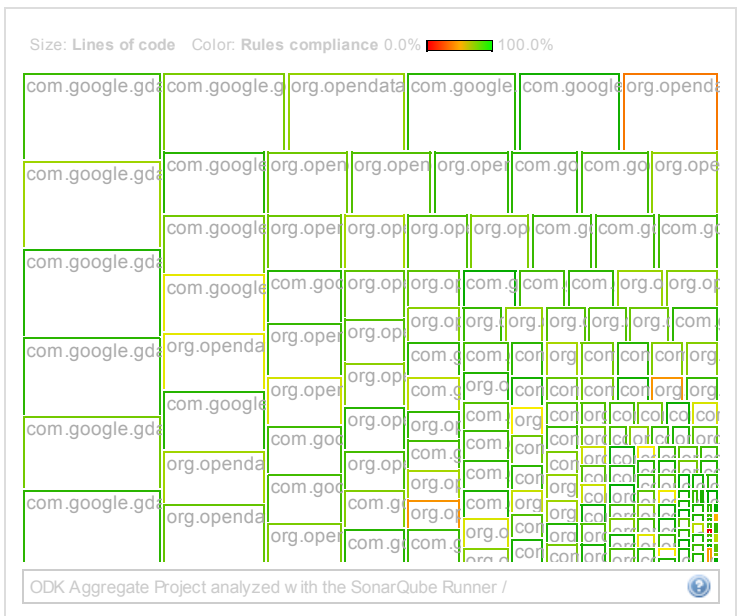

If you have not removed this text, it also means that you have not yet played much with SonarQube. So here are a few pointers for your next step:

- » Do you now want to run analysis on a project?
- » Maybe start customizing dashboards?
- » Or simply browse the complete documentation?
- » If you have a question or an issue, please visit the [Get Support](#) page.
